OFFICE OF THE CHIEF ELECTRICAL ENGINEER, BANGALORE.

LICENSING ELECTRICAL CONTRACTORS.

Notification dated 31st May 1937.

Applications are invited from the existing and intending Electrical Contractors for carrying out power and lighting installations in the Mysore State during the year 1937-38.

The following are the conditions under which licenses are granted :—

(1) The Contractor himself or his Manager, Agent or Partner, shall be a technically qualified man ; in the absence of which, he must have a technically qualified man in his employ ;

(2) Every Contractor shall have a Show Room in a prominent business place in each of the places where he intends carrying on business ;

N.B.—In the Cities of Mysore and Bangalore, he must have a stock of electrical goods worth at least Rs. 2,000, in District Head Quarters a stock of Rs. 1,000, and Taluk Head Quarters and other places a stock of Rs. 500.

(3) If a Contractor intends to carry on business in more than one place, the Manager for each of those branches must be a technically qualified man or there must be a technically qualified man in his employ at that place. This condition will not be insisted upon for unimportant rural areas where an experienced wireman will be permitted.

(4) A license fee of Re. 1 per annum will be charged for each place of business.

(5) Every licensed Electrical Contractor shall become a member of the Licensed Electrical Contractors' Association ;

(6) The place of business and stock must be open to inspection for the representatives of the Electrical Department at any time.

(7) Every license holder must agree to give a list of his employees and to intimate changes made from time to time to the Secretary to the Licensing Committee ; and

(8) Applications should reach the Secretary, License Issuing Committee, Bangalore, on or before 25th June 1937.

S. G. FORBES,
Chief Electrical Engineer.

OFFICE OF THE SUPERINTENDENT, POWER AND LIGHTING, MYSORE.

Notification dated the 21st May 1937.

Sealed tenders in triplicate, will be received at the Office of the Superintendent, Power and Lighting, Mysore.

2. Tenders should be superscribed with the name of the work given below.

3. The tenders should be drawn up in conformity with the detailed specification furnished, at the same time writing out the rates at which each item of work will be executed, in figures as well as in words, failing which no cognisance will be taken of the tender.

4. The undersigned reserves the right to reject the tenders without assigning any reason therefor.

5. The successful tenderer will be required to deposit with the undersigned an earnest money of Rupees Fifty (Rs. 50) and execute an agreement within three days from the date of receipt of information as to the acceptance of the tender, failing which the tender will be disposed of otherwise.

6. Materials to be used on the work should be of best quality English or American Manufacture and conform to the specifications.

7. The teak wood planks to be used for boards and other purposes should be free from cracks and knots and well seasoned. No planks less than 12" in width should be used for boards (front or rear) unless it is to make up the difference in size of the boards required. In all such cases lap joints should be adopted.

8. The wiring in general should be executed strictly in accordance with the wiring rules of this Department as well as that of the Institution of Electrical Engineers.

9. No item other than those noted in the statement below should be included in the tender, as the items include provision for all sundries, masonry repairs and painting the exterior of the casing and other parts of the wiring to suit the surroundings, etc.

10. The successful tenderer should carry out any small deviations in the location of the lighting and other fixtures, switch points, etc., not affecting the estimate materially without any extra cost. The undersigned reserves the right to reject the work in full or a portion of it if he finds the work not executed satisfactorily in terms of the specifications.

11. *Name of Work.*—Installing additional ceiling fans, etc., at the University Offices, Mysore.

12. Last date and time of receiving the tenders is 12th June 1937 at 3 P.M.

13. Time and date for opening the tenders in public is at 4-30 P.M. on 12th June 1937.

14. The time allowed for completion of the work is 4 weeks from the date of acceptance of the tender, failing which a penalty of two annas per each day's delay over and above the stipulated time will be enforced.

15. Details of work—

(1) Supplying, fixing and wiring in teak wood two-way 2"×1" casing treated with 2 coats of shellac varnish for fans, using "Kingsway" A. C. 6; Cycles, 220-230 Volts, 56" blades sweep ceiling fan G. SALE OF CAST IRON SCRAPS.

Sealed tenders for the purchase of about 5 tons of Cast Iron scraps in the Stores at Forbes Transformer Station, Mysore, will be received in the office of the undersigned upto 3 P.M. on 25th June 1937. The scraps consist of top and bottom portion of Air blast Transformer, broken ornamental lamp posts and other miscellaneous articles.

Tenders should be superscribed "Tender for the purchase of Cast Iron scraps" and should be accompanied by a deposit of Rs. 25 by money order or by cheque or in person.

The rate offered should be per ton of cast iron scrap.

Tenders will be opened by the undersigned at 3-30 P.M. on 25th June 1937.

The successful tenderer will be informed of the acceptance of his tender and the deposits made by the unsuccessful tenderers will be returned to them at their cost. The deposit belonging to the successful tenderer will be retained and adjusted towards the value of the scrap of cast iron purchased by him.

Delivery of cast iron scrap will be at the Forbes Transformer Station, Mysore.

The cost of breaking and removal of the scrap should be borne by the purchaser.

Payments should be made in full at M. P. L. Office at the tendered rates for the quantity before removal from Stores.

The quantity noted is only approximate and cannot be guaranteed.

M. HAYATH,
Superintendent.
